

Are you unsure about the procedures and requirements of P.Eng licensure and what benefits it can have for you?

Professional Engineering Licencing in Ontario

**By: Noreen E. Calderbank, P.Eng
Manager, Prelicencing Programs, PEO**

When: Thursday, October 23, 2008, 6:00 p.m. - 8:00 p.m.

Where: University of Toronto - Galbraith Building (35 St. George Street), Room GB-120

For more info: <http://toronto.ieee.ca/gold>

Abstract:

Are you an engineering graduate seeking more information on P.Eng Licence? Are you an engineering student wondering whether your pre-graduation work experience is eligible? As many of us are an engineering graduate of the last decade, we may still have lots of questions on PEO requirements and procedures. Join this information session to learn what is P.Eng? what are the benefits of such a licence? who is eligible to apply? What are the roles of PEO in administering the P.Eng licence program? What are the steps in obtaining P.Eng? How to apply for it? And finally where and when you can apply this licence.
